

CRETE 2016 - CONFERENCE PROGRAM

Tuesday, 27 September 2016

Afternoon	Training Course 1: Special Waste to Energy K. LORBER & R. SARC - <i>Montan University of Leoben (AT)</i>
	Training Course 2: Remediation of Old Landfills M. RITZKOWSKI - <i>Hamburg University of Technology (DE)</i>
	REGISTRATION - WELCOME COCKTAIL

Wednesday, 28 September 2016

Morning	OPENING CEREMONY				
	OPENING SESSION E. GIDARAKOS (GR) - "Hazardous Waste Out of Control Around The World" R. STEGMANN (DE) - "Make IWWG a Strong, High Quality Solid Waste Society" R. COSSU (IT) - "Back to Earth Alternatives in Waste Management Strategies Based on Circular Economy"				
	Keynote Speaker S. WERNER - <i>Federal Environment Agency (DE)</i> "Strategies to Combat Marine Litter - From Theory to Action"				
Afternoon	Session A1: Hazardous Waste Regulation	Session B1: Biorefineries	Session C1: Landfill Issues	Session D1: Management of Contaminated Sites in Greece (<i>in Greek</i>)	Workshop 1: Controlling Mercury in the Waste Stream
	Session A2: Military Waste	Session B2: Asbestos	Session C2: Industrial Wastewater Treatment I	Session D2: Recycling and Disposal of Hazardous Waste in Greece (<i>in Greek</i>)	Workshop 2: IWWG: Waste and Art
	Session A3: Reinforced Materials	Session B3: Agro-Industrial Waste	Session C3: Chromium & Arsenic Contaminated Sites	Session D3: Radioactive Waste	Workshop 3: Petroleum Contaminated Sites Management: Successful Stories and Strategies

Thursday, 29 September 2016

Morning	Keynote Speaker T. CHRISTENSEN - <i>Technical University of Denmark (DK)</i> "LCA – Life Cycle Analysis Modelling with an Industrial Waste Example"				
	Session A4: Characteristics and Treatment of Different Hazardous Waste	Session B4: Waste-To-Energy	Session C4: Contaminants Behavior	Workshop 4: Hazardous Waste Management: Experience in China	Workshop 5: Leaching Assessment Framework, Data Management and Modelling
	Session A5: Plastic Waste Contamination	Session B5: Case Studies on Environmental Impacts	Session C5: Metal Recovery from Special Waste	Session D5: End-of-Life Vehicles	
Afternoon	Keynote Speaker R. STEGMANN - <i>Hamburg University of Technology (DE)</i> "Global Pollution, What Can We Do?"				
	Session A6: Construction and Demolition Waste	Session B6: Groundwater & Surface Water Remediation	Session C6: Hospital Waste Management	Session D6: Reuse of Industrial Residues	Workshop 6: Hyperspectral Imaging and its Applications in Industrial and in Hazardous Waste Characterization and Handling
	Visit of the "WASTE-REINVENTED" Exhibition in Chania City				

Friday, 30 September 2016

Morning	Keynote Speaker G. ANGELOPOULOS - <i>University of Patras (GR)</i> "Utilization of High-volume Industrial By-products"				
	Session A7: Recycling from Industrial Waste	Session B7: Treatment of Contaminated Sites	Session C7: Oil Field Issues	Session D7: Management of Mining Waste	Session E7: E-Waste Management
	Session A8: New Strategies in Special Waste Management	Session B8: Polymer Production from Waste	Session C8: Industrial Wastewater Treatment II	Session D8: Medical and Hospital Waste: Status and Challenges in Greece (<i>in Greek</i>)	Session E8: E-Waste Treatment & Recycling
Afternoon	Session A9: Toxicology	Session B9: Sewage Sludge Treatment	Workshop 7: Valorization of Red Mud for Advance Wastewater Treatment		Workshop 8: Innovative Recovery Strategies of Critical Metals from WEEE
	ROUND TABLE DISCUSSION "The Plastic Effect: How is Plastic Pollution Changing the Environment?"				
	CLOSING CEREMONY				
	GALA DINNER
